

Youth Services RFQ Q & A

February 9, 2022

Q: Is there a total number of hours required for paid internships, pre-apprenticeships, or other work experiences?

A: No

Q: Do the five weeks of paid internships, pre-apprenticeships, or other work experiences need to be consecutive? If they can be broken up, is there a timeframe in which they need to be completed?

A: They do not need to be consecutive. They need to be completed during the grant period.

Q: Does CWP serve as or contract with a specific Employer of Record that manages work experiences for enrolled youth?

A: No.

February 7, 2022

Q: For the budget template, it has Year One May - June 2022 and Year Two Jul 2022-Jun 2023. I wanted to confirm that Year One only includes the two months from May 1 to June 30, 2022. Does that mean contracts after Year 2 will be less than \$150,000?

A: Year One only includes May 2022 and June 2022. The state legislature has funded OYEP for the current biennium which ends 6/30/23. The \$150K available for this RFP is CWP's best estimate of our state award for this period. Funding amounts for future biennia are unknown to CWP at this time.

Q: Are the wages for the paid work experience included in the \$150,000?

A: If the responding organization chooses to include wages for paid experience in their proposed budgets, these wages must be included in the \$150,000.

Q: Is there a minimum amount of paid work experiences required?

A: No.

Q: Can youth participating in another of our programs enroll in a paid work experience through this funding?

A: Participants who meet eligibility requirements in more than one program may be co-enrolled if services are not duplicative.

Q: What is the expected range/scale of youth engagement you are considering/hope to achieve with each grant. Are organizations that take on a small number of interns (~2-5) considered for the opportunity?

A: CWP is open to proposals of all ranges/scales that provide the required services and serve the identified populations.
